The Governor serves as the chief administrator of the Commonwealth and, in addition to other powers and duties, acts as Commander-in-Chief of all state military forces, makes appointments for vacancies to executive offices and memberships on boards and commissions authorized by statute, and has the power to grant pardons and commutations. As chief administrator of Kentucky, the Governor ensures that state government provides needed services to the citizens of the Commonwealth at minimum cost to the taxpayer.

The Lieutenant Governor is a constitutional officer elected jointly with the Governor. The Lieutenant Governor is to assume the duties and responsibilities of the Office of the Governor should the Governor be impeached or removed from Office, die, fail to qualify, resign, or be unable to discharge the duties of that office. Additional duties of the Lieutenant Governor include serving on various boards and commissions, serving on Kentucky delegations to several interstate compact commissions, and appointing members to various boards.

The Secretary of the Executive Cabinet develops and implements the major program decisions for the Executive Branch of government. As part of these duties, the Secretary of the Cabinet oversees the administration of the various cabinets and agencies of state government and coordinates legislative policy for the Governor. This role promotes cooperation and coordination among all agencies and programs of state government.

The Military Affairs Commission (KRS 154.12-203) has been a part of the Office of the Governor since 1996. The Commission serves in an advisory capacity to the Governor, the General Assembly, the Kentucky Congressional Delegation, and other appropriate government officials. This commission is designed to support the U.S. military's widespread presence in Kentucky and to recognize its contribution to the economy and well-being of the Commonwealth. Among the installations and operations eligible for support are: Fort Knox, Fort Campbell, Bluegrass Station in Lexington, National Guard and Reserve operations throughout the state, and Bluegrass Army Depot in Richmond.

The Office of Minority Empowerment was established within the Office of the Governor pursuant to Executive Order 2004-481. The 2005 Regular Session of the General Assembly permanently established the Office in KRS 12.023. The primary purpose of the Office is to help minorities realize full access to their government and be responsive to the needs of Kentucky's minority community. More specifically, the Office is charged with the responsibility of developing policies affecting Kentucky's minority community in the areas of economic empowerment, health care, housing, education, government services, and the criminal justice system. The Office also will maximize economic opportunities for minorities by reviewing state contracts awarded to minority businesses and reviewing job training and technical education initiatives to ensure and enhance the effectiveness of such programs. The constituents served by this office include, but are not limited to, minority individuals as defined and referenced in KRS 12.070, such as Native Americans, Alaskan Natives, African Americans, Hispanics, the disabled community, small-, minority-, and woman-owned businesses, and other underrepresented ethnic groups.

The 2005 Regular Session of the General Assembly created the Office for Faith-Based and Community Nonprofit Social Services in House Bill 383, placing it within the Governor's Office. The program is statutorily established in KRS 12.510. The Office will have lead responsibility in the Executive Branch to establish policies, priorities, and objectives for State Government's comprehensive effort to enlist, equip, enable, empower, and expand the work of faith-based and other community organizations to the extent permitted by law. The office is patterned closely with a similar effort at the federal government level begun in 2001.

The Governor's Scholars Program, formerly in the Education, Arts and Humanities Cabinet, was administratively attached to the Office of the Governor by the 2005 Session of the General Assembly through the passage of Senate Bill 134. The program is statutorily established in KRS 158.796. The Governor's Scholars Program was created to motivate and empower our brightest young people to become effective citizens with a zeal for excellence and a mind for innovation. The Governor's Scholars Program (GSP) is a five-week, residential program for approximately 1,100 outstanding Kentucky students completing their junior year in high school. The program is held annually, free of charge for participants, on three Kentucky college campuses. Scholars from across the Commonwealth are competitively chosen from all accredited public and private schools.

The Office of the State Budget Director, created in KRS 11.068, includes the Governor's Office for Policy and Management (GOPM), the Governor's Office for Policy Research (GOPR), and the Governor's Office for Economic Analysis (GOEA). Under the direction of the State Budget Director, these Offices serve as staff to the Governor, the Governor's Chief of Staff, the Secretary of the Cabinet, and the Secretary of the Finance and Administration Cabinet.

The Governor's Office for Policy and Management (GOPM) prepares the Executive Budget, the Governor's overall financial plan for state government. The preparation of the budget includes the transmittal of information and necessary forms to state agencies, assisting those agencies in the preparation of their budget requests, analyzing the requests, and making recommendations to the Governor. Following enactment of the budget by the General Assembly, GOPM helps agencies implement the appropriations acts through their expenditures for program activities.

The Governor's Office for Policy Research (GOPR) performs research and analysis on public policy issues important to the Commonwealth.

The Governor's Office for Economic Analysis (GOEA) assists the State Budget Director and the Consensus Forecasting Group in providing timely and accurate estimates of General Fund and Road Fund receipts used to build and implement the Budget of the Commonwealth. On October 15 of each odd-numbered year, a preliminary detailed estimate of revenues for the next two fiscal years is presented to the head of the budgeting agency for each branch of state government. The following January, a revised estimate is prepared and presented along with the Governor's Executive Budget recommendation to the General Assembly.

The State Planning Fund supports statewide planning projects designed to improve the delivery of government services. Under Chapter 147 of the Kentucky Revised Statutes, overall planning and development functions are responsibilities of the Governor's Cabinet. KRS 147.075 delegates these functions to a Cabinet committee, designated as the State Planning Committee, which fulfills these responsibilities through its management of the State Planning Fund. The State Planning Committee includes the Governor, representatives from the various program cabinets, and the State Budget Director. The Governor serves as the Chairman of the Committee and the State Budget Director serves as its Secretary. The Governor's Office for Policy and Management reviews proposed planning projects, makes recommendations for funding to the Governor and the other members of the State Planning Committee, and provides staff support to the Committee.

The Kentucky Office of Energy Policy in the Commerce Cabinet was established in 2005 by the General Assembly. The Office was moved to the Governor's Office and renamed the Governor's Office of Energy Policy as part of House Bill 1, passed during the 2007 Second Extraordinary Session and signed into law in August 2007.

The Governor's Office of Energy Policy oversees the development and implementation of Kentucky's comprehensive energy strategy; provides leadership to enhance the benefits of energy efficiency and alternative energy through supporting awareness, technology development, energy preparedness, partnerships, and resource development. Additionally, the Office enhances the economic opportunities and benefits to Kentucky citizens and industry by expanding current markets and developing market opportunities for Kentucky coal, natural gas, petroleum, oil shale, tar sands, liquid and gaseous fuels from coal, and chemicals from coal.

To the extent that funding is available the Office administers grant programs to support energy-related research, development, and demonstration, including supporting multi-state cooperative regional partnerships and research initiatives. The Office also develops and implements programs for the development, conservation, and utilization of energy in a manner that meets essential human needs while maintaining growth of the Kentucky economy at the highest feasible level. This includes

providing technical assistance to the Finance and Administration Cabinet in implementing the Energy Efficiency in Government Buildings Program. The Office also enters into agreements, administers grant programs, and serves as a liaison with the federal government and other states in matters relating to energy; and participates in the review of applications and, upon request of the Kentucky Economic Development Finance Authority, assists in monitoring tax incentive agreements as provided in Subchapter 27 of KRS Chapter 154.

The Kentucky Office of Homeland Security (KOHS) was created within the Office of the Governor to coordinate efforts with public and private partners on issues affecting homeland security. KOHS focuses on preparing Kentucky for manmade or natural disasters. Although its primary role is to serve as the state's administrative liaison with the U. S. Department of Homeland Security, KOHS has initiated a comprehensive prevention-focused homeland security strategy to ensure Kentucky's communities, first responders and families have the resources and information necessary to be prepared for disaster or attack.

The Commercial Mobile Radio Service Emergency Telecommunications Board (CMRS) is administratively attached to the Kentucky Office of Homeland Security. The CMRS Board collects user fees monthly from subscribers of the approximately 35 wireless carriers providing wireless telephone service in Kentucky. These fees are used to fund technology upgrades at Kentucky's enhanced 911 centers and to enhance the networks operated by the carriers.

The Kentucky Department of Veterans' Affairs (KDVA), established by KRS 40.300, assists over 370,000 Kentucky veterans and their families in applying for federal, state, and local veteran's benefits. Services include: benefits counseling and claims processing regarding the existence or availability of educational, training, and retraining facilities; health, medical rehabilitation, and housing services and facilities; employment and reemployment services; and provision of services under federal, state, and local laws affording rights, privileges, and benefits to eligible veterans and their dependents. These services are supported by a cooperative network of veterans' benefits field representatives, volunteers, and personal service contracts with major veterans' organizations.

Pursuant to KRS 40.325, the Office of Kentucky Veterans' Centers within the KDVA manages Kentucky's three state veterans' nursing homes, which serve the long-term nursing care needs of Kentucky's elderly veteran population, which includes about 110,000 of Kentucky's veterans.

The Thomson-Hood Veterans' Center, located in Wilmore in Jessamine County, is a 300-bed long-term nursing care facility specifically for Kentucky's elderly veteran population. The Eastern and Western Kentucky Veterans' Centers, located in Hazard (Perry County), and Hanson (Hopkins County), opened in 2002. Each is a 120-bed facility that includes in-house physician care, nurse practitioners, 24-hour nursing staff, and staffing for a rehab therapy department, barbershop, library, gift shop, laundry facility, a dietary department, and an employee child care facility.

The KDVA is required by KRS 40.315 to establish and maintain Kentucky state veterans' cemeteries. The Kentucky Veterans' Cemetery-West is located on Highway 41A south of Hopkinsville. The Veterans' Cemetery-Central in Ft. Knox opened in June 2007. Each facility includes an administration building, a maintenance building with service area, committal facility, a columbarium, appropriate parking, road network, walking path and landscaping. A third veterans' cemetery, Veterans' Cemetery-North near Williamstown, is currently under construction and expected to open in early fiscal year 2009. Two other veterans' cemeteries, the Veterans' Cemetery-Northeast in Greenup County and the Veterans Cemetery-Southeast in Leslie County, were authorized by the 2006 General Assembly and are in the process of site selection.

KRS 40.600 established the Women Veterans Program to ensure Kentucky women veterans have equitable access to federal and state veterans' services and benefits. KRS 40.350 established the Wounded or Disabled Veterans Program to assist wounded or disabled veterans in the transition from active service and ensure they receive the federal, state and private benefits to which they are entitled as wounded or disabled veterans.

The KDVA contracts with Volunteers of America to help support the operation of a Homeless Veterans' Transitional Shelter which opened for business in April 2005 on the Leestown Veterans Administration Hospital property in Lexington.

The Governor's Office of Agricultural Policy (GOAP) is the Governor's direct link to the Commonwealth's agricultural industry. The Kentucky Agricultural Development Board, the Kentucky Agricultural Finance Corporation, the Kentucky Tobacco Settlement Trust Corporation, the Governor's Commission on Family Farms, the Kentucky Agricultural Resource Development Authority, and are staffed by the employees in this Office.

The Kentucky Agricultural Development Board, authorized in KRS 248.707, distributes funds received by the Commonwealth from the Tobacco Master Settlement Agreement (Phase I money). The Board invests in innovative proposals that increase net farm income and assists tobacco farmers and tobacco-impacted communities by stimulating markets, finding new ways to add value to existing products, and promoting diversification of Kentucky's agricultural economy.

The Agricultural Development Board has sixteen members, described in KRS 248.707(2). They are the Governor, Commissioner of Agriculture, Secretary of the Cabinet for Economic Development, Director of the University of Kentucky Cooperative Extension Service and President of Kentucky State University, along with eleven members appointed by the Governor to staggered terms. Those appointees include representatives of the Kentucky Farm Bureau, the Kentucky Chamber of Commerce, an attorney, an agricultural lender, and seven active farmers.

Half of Kentucky's tobacco settlement receipts are allocated to the Agricultural Development Fund. That amount is further divided between a counties account, which receives 35 percent of the funds, and a state account that receives the remaining 65 percent. From the state account, the General Assembly has appropriated debt service for bonds to support farmland preservation and safe drinking water, water and sewer infrastructure projects, the Kentucky Agricultural Heritage Center, improvements to 4-H camps and FFA Leadership Center, funding for a viticulture and oenology program at the University of Kentucky, and funding for land conservation programs.

Thirty-five percent of funds received into the Agriculture Development Fund are allocated for projects on the county level. The specific funding level of a county is dependent upon its tobacco-production dependency in relation to other counties within the state as described in KRS 248.703(3). One hundred and eighteen of Kentucky's 120 counties receive a portion of the 35 percent county allocation. Each county has a council of local agriculture leaders who consider applications for grants from the county's share of funds and prioritizes them for the Agricultural Development Board, which has the final grant authority for each county's funds. The Board has developed several model programs in which counties may participate. Models have been developed for diversification of products, cattle genetics improvement, handling and storage facilities, fencing, forage improvement, water resources, technology and timber production and marketing. Funds are provided as matching grants.

In addition to their work with Phase I, the staff of GOAP assists the Governor's Commission on Family Farms and the Kentucky Agricultural Resource Development Authority (KARDA). The KARDA is created in KRS 11.170 as an organization of representatives from various commodity groups who inform and advise the Governor on issues related to the Kentucky's agricultural economy. The Commission on Family Farms was created by executive order in April 1998 to advise the Governor on issues related to farm families and rural communities.

The staff of GOAP also provides staffing for the Kentucky Agricultural Finance Corporation. The Kentucky Agricultural Finance Corporation is a *de jure* municipal corporation created in KRS 247.944 to provide access to capital for farmers and other agricultural enterprises. The Governor appoints all of the board members.

## **Policy**

In fiscal year 2008, additional Tobacco Settlement - Phase I payments were received in excess of the budgeted forecast. The enacted budget suspends KRS 248.703(1)(a) and directs that the counties' portion of the excess payments be maintained in the statewide account.

The Budget of the Commonwealth provides debt service of \$884,000 in fiscal year 2010 appropriated from Tobacco Settlement - Phase I funds to support \$10,000,000 in bond funds for the Kentucky Agriculture Heritage Center.

The Budget of the Commonwealth directs that \$12,545,000 in fiscal year 2008-2009 and \$11,539,000 in fiscal year 2009-2010 from Tobacco Settlement - Phase I funds be transferred to the General Fund.

The Kentucky Infrastructure Authority (KIA), pursuant to KRS Chapter 224A, creates and coordinates regional infrastructure planning to promote higher levels of technical, managerial, and financial capacity of water-based utilities. The agency is also charged with promoting economies of scale among and between utilities to benefit consumers. The authority is administratively attached to the Governor's Office for Local Development.

The agency is authorized to issue notes and bonds to provide infrastructure financing for governmental agencies and investor-owned private utilities. The provisions of KRS 224A.165 dictate certain limits on the amount of notes and bonds the Authority can have outstanding. The purpose of the loans is to assist in financing the construction of infrastructure projects. The Authority also provides grants and subsidized loan incentives.

The following provides a description of the Authority's programs:

**Fund A - Wastewater Revolving Loan Program** - Local wastewater treatment facilities that qualify under the U.S. Environmental Protection Agency (EPA) standards are financed through this program. Jointly administered by the KIA and the Natural Resources Department, loans are provided at below-market interest rates.

**Fund B Revolving Loan/Grant Program** - This fund finances infrastructure that will enhance economic development and job creation. Loans are made to governmental entities that are unable to wholly finance a project through other public grant or loan programs, through commercial credit at reasonable rates, or from their own resources. The loans are offered at or below market interest rates for a term not to exceed 30 years. Grants are available, but are reserved for borrowers facing both a financial hardship and an extreme health hazard.

**Fund B 2020 Program** - This fund provides financing primarily for, but not limited to, water service projects. The fund promotes the merger and consolidation of systems, and encourages the increased financial, managerial, and technical capacity of systems to provide service.

**Fund C - Governmental Agencies Program** - This program provides local governmental agencies access to funding through the municipal bond market at better terms than could be obtained on an independent basis. Loans are available at terms for up to thirty years for any infrastructure owned by governmental entities in the Commonwealth. The loans may be used to fund totally a construction project or they can be used to supplement grants or cash contributions.

**Fund F - Drinking Water Revolving Loan Fund** - This fund was established to assist in financing local drinking water treatment and distribution facilities that qualify under EPA requirements. Projects must be recommended by the Kentucky Division of Water from the Project Priority List and must be financially feasible as determined by KIA staff. Loan funds are available on short terms for planning and preliminary design work.

**Coal Development and Tobacco Development Funds** - These funds were created by the 2003 Regular Session of the General Assembly to support various water and sewer projects in Coal Producing and Tobacco Producing Counties. The Authority coordinates the process of implementation and provides project administration for the projects funded in these programs.

**Infrastructure for Economic Development Funds** - These funds were authorized by the 2005 and 2006 General Assembly for an array of water and sewer projects included in the Commonwealth budget by specific designation. The Authority coordinates the implementation process and provides project administration for the projects funded in these programs.

## Policy

The [Budget of the Commonwealth](#) includes General Fund appropriations in the amount of \$370,000 in fiscal year 2009 and \$370,000 in fiscal year 2010 from the Local Government Economic Development Fund to support services provided to coal producing counties by KIA.

Included in the General Fund appropriation is \$6,239,000 in fiscal year 2010 for initial debt service to support a new \$75 million bond pool for the Infrastructure for Economic Development Fund for Coal-Producing Counties.

Included in the General Fund (Tobacco) appropriation is \$6,630,000 in fiscal year 2010 for initial debt service to support a new \$150,000,000 bond pool for the Infrastructure for Economic Development Fund for Non Coal-Producing Counties.

Included in the capital budget is authorization for the Kentucky Infrastructure Authority to expend loan repayment receipts on deposit at the trustee bank to support agency bonds for the Drinking Water Revolving Loan Program (Fund F) and the Federally Assisted Wastewater Program (Fund A).

The Kentucky Commission on Human Rights is the sole state civil rights enforcement agency in Kentucky, and is mandated to "...safeguard all individuals within the state from discrimination." Pursuant to KRS Chapter 344, the Commission investigates, litigates, and administratively decides complaints of discrimination in the areas of employment, public accommodation, housing, and credit based on race, religion, national origin, age, disability, sex, smoking in employment, and familial status for housing decisions. The Commission has four service units: General Administration and Support, Enforcement, Research and Information, and Legal Affairs.

General Administration and Support performs personnel and fiscal activities and serves as a liaison with the Governor's Office, legislators, and other agencies in state government. This unit is responsible for development of internal policy directives and legislative initiatives.

The Enforcement Branch consists of two sections: Employment/Public Accommodations and Housing. Employees assigned to these sections receive, investigate, and conciliate complaints of discrimination in the areas of employment, public accommodation, credit transactions, and housing.

The Research and Information Branch provides technical assistance and education to local citizen groups, employers, public accommodations staff, educational institutions, local human rights commissions, and government officials. The staff conducts seminars and workshops on sexual harassment, the Kentucky Civil Rights Act, cultural diversity, and the Americans with Disabilities Act.

The Legal Affairs Branch litigates discrimination cases before administrative hearing officers, provides legal advice to inquiries, sworn complaints, and file closures. The legal staff takes depositions of witnesses, prepares legal briefs and appeals, and serves as in-house counsel.

The Governor's Office for Local Development (GOLD), pursuant to KRS 147A.002, is an independent agency attached to the Office of the Governor. The agency was reorganized and renamed by Executive Order 05-564. GOLD serves as the liaison between the Governor and local units of government. It coordinates and resolves local government problems. The Department administers grants-in-aid, and serves as the cognizant state agency for Kentucky's fifteen Area Development Districts.

The Commissioner's Office formulates policy that governs programs administered by the Department. The office also serves as a liaison with state and federal agencies that deal with each of the Kentucky's 120 counties, 435 cities, 1400 special districts and the 15 Area Development Districts. The Trover Grant which brings University of Louisville medical students to the Western Kentucky Coal Fields for a portion of their residency is administered by the Commissioner's Office.

The Federal Grants Office administers the Community Development Block Grant program for small cities, Economic Growth Grant, the Land and Water Conservation Fund, the Kentucky Recreational Trails program appropriated by the General Assembly. Moreover, the Division develops and conducts training programs for local governments across the Commonwealth in conjunction with other governmental agencies, associations and the Area Development Districts. It maintains the Commonwealth's Clearinghouse for all federal grants and administers the Joint Funding Agreement and Appalachian Regional Commission grants.

The Flood Control program also is administered by the Federal Grants Office. In partnership with federal and local agencies, the matching program lessens flood damage losses by providing structural and nonstructural assistance to Kentucky communities. The Fund ensures that matching funds required by the U.S. Army Corp of Engineers, Federal Emergency Management Agency, and Natural Resources Conservation Service are available for vital projects. The program provides matching dollars for federal grants for straight sewage pipe removal projects funded by the Personal Responsibility in a Desirable Environment program.

The Field Services Office makes state government more accessible to citizens of the Commonwealth. Field service representatives travel throughout the Commonwealth of Kentucky and answer citizens' questions, resolve problems, and aid local government officials with their government duties.

The Office of Financial Management and Administrative Services performs agency administrative functions. It has responsibility for personnel administration, payroll, purchasing, library management, accounting, and budgeting for the entire agency. The Office provides information technology support for the Department and to local government units.

The State Grants Office promotes economic development in Kentucky's localities. The State Grants Office is responsible for financial management, accounting, and fund allocation and reporting of both the Local Economic Development Grant Fund (LGEDF) and Local Government Economic Assistance Grant Fund programs. The agency also reviews and approves LGEDF statutory grant applications. The State Grants Office oversees those projects, the Kentucky Community Economic Development Growth Grant program, and others authorized by the General Assembly through the budget. This grant program assists counties, cities, special districts, or local school districts fund projects that improve the economic vitality of the community.

Within State Grants is the Renaissance program which serves as the lead state agency for the administration of the Renaissance Kentucky Cities Program. Its mission is to revitalize downtowns by renewing pride in downtown centers, attracting new businesses and jobs, promoting tourism and encouraging cultural growth. Moreover, Renaissance Kentucky encourages the development of attractive housing in downtown centers. The program brings together public and private resources, expertise and incentives to take a comprehensive approach in solving problems of transportation, housing, water and sewer systems, business development and service delivery in cities.

## **Policy**

The Budget of the Commonwealth includes an allocation from the General Fund of \$1 million in each year of the biennium for the Trover Clinic Grant in Madisonville. These General Fund dollars are derived from coal severance revenues.

Included in the Restricted Fund appropriation in each fiscal year of the biennium is \$200,000 for support of the 12 Multi-County Regional Industrial Park Authorities funded from the Local Government Economic Development Fund's Multi-County fund.

The Local Government Economic Assistance Fund (LGEAF) (KRS 42.450-42.495), created by the 1980 Regular Session of the General Assembly, is a revenue sharing program that returns a portion of the coal and minerals severance taxes to local governments in areas where the minerals were extracted. These funds are used by those communities to strengthen and “to improve the environment for new industry and to improve the quality of life of the residents”. Counties that contain industries that are involved in the production of coal or minerals such as natural gas, oil, and stone and cities within those counties are eligible to receive LGEAF payments. Likewise, counties and their cities affected by the transportation of coal are eligible to receive a portion of the returned severance taxes.

The LGEAF coal severance tax program currently returns funds to an estimated 63 counties and approximately 280 cities at the end of each fiscal quarter. Kentucky law provides that an amount equal to 15 percent of the coal severance tax receipts be transferred to the LGEAF for subsequent allocation and distribution to local governments. Quarterly allocations are made to localities according to such criteria as population, income, the amount and distance coal is transported over local areas, and taxes collected from the county.

Additionally, the LGEAF minerals severance tax program currently returns funds to an estimated 100 counties and approximately 347 cities at the end of each fiscal quarter. Kentucky law provides that an amount equal to 50 percent of the other mineral tax receipts be transferred to the LGEAF for subsequent allocation and distribution to local governments. Quarterly allocations are made to localities according to such criteria as population, income, the amount and distance coal is transported over local areas, and taxes collected from the county.

KRS 42.455(2)(3)(4) specifically prohibits the expenditure of LGEAF for the administration of government. Coal “impact” counties must expend 100 percent of funds in the transportation category. Thirty percent of all funds given to coal “producer” counties must be expended on the county coal haul road system. Expenditure of the remaining 70 percent given to coal “producers” and 100 percent of non-coal mineral severance producing funds must be directly related to the remaining priority categories:

- Public safety, including law enforcement, fire protection, ambulance service and other related services,

- Environmental protection, including sewage disposal, sanitation, solid waste and other related programs,
- Public transportation, including mass transit systems, streets and roads,
- Health,
- Recreation,
- Libraries and educational facilities,
- Services for the poor, aged, and handicapped,
- Industrial and economic development,
- Vocational education; and
- Workforce.

The Local Government Economic Development Fund (LGEDF) in KRS 42.458-42.495 is a revenue-sharing program that was created by the 1992 Kentucky General Assembly to provide coal producing counties with the means to diversify their economies. The governing statute mandates that 35 percent of coal severance tax revenue be returned to coal producing counties. Two-thirds of the funds are distributed to individual county accounts using a formula based on coal severance taxes paid from the county, surplus labor rate, relative mining earnings, and relative mining employment. One-third of the dollars are reserved for the Multi-County Fund for joint projects. Kentucky law limits the use of the LGEDF to industrial park development projects, regional parks and job development incentive grants made to individual firms. Currently, 39 of the 45 original counties receive coal severance allocations.

The Governor's Office for Local Development (GOLD) is responsible for LGEDF financial management, accounting, and fund allocation and reporting. It also reviews and approves LGEDF grant applications. GOLD oversees those projects and others authorized by the General Assembly through the budget. The Cabinet for Economic Development reviews and approves the LGEDF Multi-County Fund grant applications. It oversees those projects as well as other projects authorized by the General Assembly through the budget.

The Secretary of State directs the Department of State of the Commonwealth and is the constitutional officer entrusted with filing, maintaining, and preserving the important documents and records of the Commonwealth. The Secretary is also the keeper of the Seal of the Commonwealth and affixes it to all communications and commissions issued in the name of the state.

The Office of the Secretary of State consists of the following organizational units: the Division of Corporations, which contains the Department of Business Filings, the Department of Business Records, and the Uniform Commercial Code Branch; and the Division of Administration.

The Division of Corporations is responsible for the registration and incorporation of businesses, both domestic and foreign, profit and non-profit, including the administration of documents of merger, dissolution, and name changes. It also accepts and processes filings for limited liability companies and registered limited liability partnerships. These entities must also file articles of organization with the Secretary of State as well as amendments, mergers and dissolutions.

The Division of Administration is responsible for executive policy and management functions for the entire office. It prepares and records official documents for the Governor; administers Kentucky's notary public law; issues commissions, pardons, commutations, and extraditions; processes service of summonses; and implements election laws of the Commonwealth.

The State Land Office is also under the supervision of the Secretary of State. It preserves Kentucky's land grant records and fulfills daily inquiries and requests for copies of those records. It files city annexations and incorporations, state deeds, and

new land patents, and it provides the public with certified copies of land surveys, grants, and military warrants. The restoration process consists of indexing, de-acidifying, laminating, and bonding, thus safely preserving Kentucky's original land grants.

**Policy**

Restricted Funds appropriations made to the Secretary of State shall not lapse and shall be used for the continuation of current activities for the Office.

The Budget of the Commonwealth directs \$1,347,000 in fiscal year 2009 and \$1,347,000 in fiscal year 2010 be transferred to the General Fund from the Limited Liability Corporation Fund.

The State Board of Elections administers the election laws of the state (KRS Chapters 116, 117, 118, 118A, 119, and 120) and supervises the registration and purgation of voters. The Board is responsible for canvassing returns, certifying successful candidates, maintaining the statewide list of registered voters, and paying local election officers.

The Board is chaired by the Secretary of State. Six other members are appointed by the Governor.

**General Administration and Support**

The General Administration and Support program objectives are to maintain an up-to-date computerized record of registered voters in the state, certify election results, produce precinct rosters, issue certification of nomination and election, train county clerks in election duties, and conduct a nonpartisan voter education program.

Kentucky leads the nation with the implementation of the National Voter Registration Act (Motor Voter) and the on-line voter registration system. The system provides for:

- On-line inquiry which enables the county clerks to view the registration and voting record of each current registrant.
- Daily file maintenance which allows the county clerk to enter new registrants, transfer a registrant, or make the proper registration change on a local level. Once entered, this information is electronically transmitted to the statewide central file at the State Board of Elections in Frankfort.
- Printing and distribution of precinct rosters and alphabetical rosters to the county clerks for use on Election Day. This process begins when the books are closed and all changes, additions, and deletions are made to the file. The primary election consists of approximately 500,000 documents and the general election consists of approximately 275,000 documents.
- Post election activities including giving credit to all voters who voted on Election Day. Precinct rosters are scanned into the system allowing the agency to update the voter files, produce voter turnout reports, and prepare various other reports including vital data to candidates, media, researchers, and the general public.

The State Board of Elections' Election Night Tally System provides up-to-the-minute, unofficial election results on all candidates who file with the state.

### **State Share of County Election Expenses**

The State Share of County Election Expenses program reimburses all precincts the state's share of county election expenses pursuant to KRS 117.345(2).

The state currently has 3,543 precincts with over 2.8 million registered voters. The number of precincts increases as registration totals increase and as reapportionment of county commissioner/magisterial districts and congressional and state redistricting occur.

### **State Share of Voter Registration Expenses**

The State Board of Elections remits payment to county clerks for newly registered voters pursuant to KRS 116.145. There is a significant increase of newly registered voters in years that county and presidential candidates are on the ballot.

The State Board of Elections remits reimbursement to county clerks an amount not to exceed fifty cents (\$0.50) per registered voter in the county per year for the cost of employing office personnel necessary for the conduct of elections, including the registration and purgation of voters in the county pursuant to KRS 117.343 and KRS 116.112(7).

### **Election Fund**

The Help America Vote Act (HAVA) was signed into law by President George W. Bush in 2002. The Act imposed new election requirements on states and called for the upgrade of voting machines to be in compliance by January 1, 2006.

The Commonwealth received \$32.9 million in federal funds to carry out the requirements of HAVA, which were matched with state funds at a rate of five percent. The funds were used for the purchase of voting equipment, voter education, poll worker training, and enhancement of the statewide voter registration system.

On December 8, 2006 the Board adopted the 2006 Amended State Plan, which indicated that the Commonwealth was in compliance with the requirements of HAVA. Any remaining or additional funds will be used to improve the election process. The State Board of Elections anticipates receiving an additional \$1.6 million in federal HAVA funds by the end of federal fiscal year 2008.

### **Policy**

Notwithstanding KRS 116.145, the State Board of Elections shall set a rate for the fee for new voter registration paid to the county clerks within the available appropriated resources. The State Board of Elections shall also set a fixed rate for the expenses outlined in KRS 117.343 within the available appropriated resources. Notwithstanding KRS 117.345(2), the State Board of Elections shall set a rate for the expenses outlined in KRS 117.345(2) for precincts with a voting machine within the available appropriated resources, not to exceed \$300 per precinct per election.

These rates and all assumptions as to the number of precincts, registered voters, and new voter registrations shall be communicated to the Secretary of the Finance and Administration Cabinet and the State Budget Director by November 1,

2008 for fiscal year 2008-2009 and by November 1, 2009 for fiscal year 2009-2010.

Costs associated with special elections, KRS 117.345(2) costs associated with additional precincts with a voting machine, KRS 117.343 costs associated with additional registered voters, and KRS 116.145 costs for additional new registered voters shall be deemed a necessary government expense and shall be paid from the General Fund Surplus Account (KRS 48.700) or the Budget Reserve Trust Fund Account (KRS 48.705). Any reimbursements authorized as a necessary government expense according to the above provisions shall be at the same rates as those established by the State Board of Elections as provided in the above paragraph.

Amounts above those appropriated that are necessary to match Federal Funds from the Help America Vote Act shall be deemed a necessary government expense and shall be paid from the General Fund Surplus Account (KRS 48.700) or the Budget Reserve Trust Fund Account (KRS 48.705).

The Help America Vote Act, Section 254 (7), requires the state to maintain the expenditures of the state for activities funded by the payment at a level that is not less than the level of such expenditures maintained by the state for the fiscal year ending prior to November 2000. Kentucky's maintenance of effort requirement is \$2,231,900.

The role of the Kentucky Registry of Election Finance is to assure the integrity of the Commonwealth's electoral process by making certain there is full public access to campaign financial data and financial disclosure reports, and by administering Kentucky's campaign finance laws.

Under KRS Chapter 121, Kentucky's campaign finance laws apply to all candidates for office, including local and statewide candidates, gubernatorial slates, judicial, state legislative, city and county, and school board candidates, as well as political issues committees, permanent committees, state and local party executive committees, and caucus campaign committees.

Regulatory functions of the Registry include educating candidates and committees on campaign finance laws; tracking candidate and committee election finance activities; ensuring compliance with campaign finance reporting requirements, including the timely filing of campaign finance reports; providing the means for electronic reporting of campaign finance data; ensuring compliance with campaign finance laws through desk reviews and random, mandatory complete audits; investigating complaints; advising candidates on campaign finance questions; and adjudicating charges of administrative violations of campaign finance laws.

Pursuant to KRS 121.170(5), the Registry receives copies of reports filed with the Federal Election Commission by federally registered out-of-state permanent committees that contribute to Kentucky candidates. These and the reports of other candidates and committees who are required to file with the Federal Election Commission may be viewed at the Registry's office in Frankfort pursuant to 2 U.S.C. Section 439(c).

The Registry also receives, compiles, and maintains Financial Disclosure Reports of elected officials and candidates for specified offices as provided in KRS Chapter 61.

The Registry's public disclosure role is a key component of the campaign finance laws. Registry staff routinely work with members of the public and media to fill open records requests and to assist in On-line Searchable Database searches.

The Commonwealth's Attorneys program is made up of 57 elected Commonwealth's Attorneys and their staffs, one for each judicial circuit. As of January 1, 2008, 51 circuits have full-time Commonwealth's Attorneys, with the remaining being part-time. Commonwealth's Attorneys are responsible for all felony prosecutions, including those prosecutions in which the penalty of death may be imposed upon the defendant. The prosecution of each felony requires a thorough investigation that involves extensive research and trial preparation by the prosecutor. Witness interviews, grand jury presentations, motions (including post-conviction motions), conferences, plea-bargaining, case studies, continuing legal education and participation on multi-disciplinary teams are a part of each prosecutor's responsibility in representing the Commonwealth and citizens of Kentucky as the state's attorney.

Pursuant to KRS 15.725, the Commonwealth's Attorneys attend each circuit court held in the judicial circuit. The Commonwealth's Attorneys, except as provided by KRS 15.715, have the duty to prosecute all violations of the criminal and penal laws which are tried in the circuit court. In addition, the Commonwealth's Attorneys have the primary responsibility within the judicial circuit to present evidence to the grand jury concerning such violations.

In accordance with KRS 15.735, the Commonwealth's Attorneys serve as special prosecutors in cases where the regularly elected prosecutors have been disqualified.

**Policy**

A set of Restricted Fund revenues and expenditures administered on behalf of the Commonwealth's Attorneys' offices are now consolidated into their Restricted Fund appropriation, \$1,154,300 in fiscal year 2008-2009 and \$1,227,100 in fiscal year 2009-2010.

Pursuant to KRS 15.725(2), each County Attorney attends the district court in the respective county and prosecutes all violations of criminal and penal laws within the jurisdiction of that district court. In accordance with KRS 15.735, County Attorneys also serve as special prosecutors in cases where the elected prosecutors have been disqualified.

Criminal cases at the district level include felonies (until the case is transferred to circuit court), misdemeanors, juvenile cases, and traffic cases. County Attorneys prosecute the majority of DUI cases. Most counties have Family Court, Drug Court, and/or Truancy Court requiring representation from the Office of the County Attorney. The County Attorney receives numerous criminal complaints from local law enforcement and the general public and frequently mediates local complaints so many of the services provided may never appear on a court docket. County Attorneys are also required to participate on multi-disciplinary teams involving child sexual abuse cases.

The Treasury Department is the central administrative agency responsible for the receipt and custody of all revenues collected by state government and for writing all checks and disbursing state funds, as outlined in KRS Chapter 41.

The State Treasurer, a constitutional officer as provided in Section 91 of the Kentucky Constitution, heads the Treasury Department. The Treasurer also serves on the Kentucky Lottery Board, the Kentucky Higher Education Assistance Board, as trustee of the Kentucky Teachers' Retirement System, and is Vice-Chair of the State Investment Commission. The Treasury Department reviews and records all investment transactions of the Commonwealth.

The General Administration and Support Division provides management support for Treasury including: fiscal control, personnel administration, and policy development and implementation. The Division issues over 10,000,000 checks and stubs each year, reconciles the various Commonwealth bank accounts, reconciles daily with the State Depository, administers and records court-ordered withholdings, and produces wire transfers for state government.

The Disbursements and Accounting Division receives all funds of the Commonwealth including fees, grants, taxes, federal

funds, fees from officials in counties over 75,000 in population, and fees from various boards and commissions. This program also receives, balances, and deposits all withholdings and U. S. Savings Bond deductions from state agency payrolls. A computer analysis is maintained on daily receipts and disbursements, which subsequently is submitted to the Finance and Administration Cabinet for accounting posting.

The Unclaimed Property Division is responsible for administering the provisions of KRS Chapter 393 related to escheats. This program receives unclaimed property reports from holders and potential holders of unclaimed property, collects unclaimed property, pursues the location and collection of the property, and attempts to locate the rightful property owner.

### **Policy**

Restricted Funds are provided in accordance with KRS 393.250 for the administration of the Unclaimed Property program in the amount of \$785,300 in fiscal year 2009 and \$801,100 in fiscal year 2010. This action reflects the movement of available off-budget Restricted Funds to on-budget status to support ongoing activities of the Unclaimed Property program.

Road Fund money in the amount of \$250,000 is included each year of the biennium to support the central check writing system and other central administrative responsibilities of state government.

The Budget of the Commonwealth includes \$141,000 in capital construction investment income appropriations in the capital budget in each fiscal year of the biennium to continue the lease purchase of two laser check printers.

The Department of Agriculture, as defined in KRS Chapter 246, is headed by the Commissioner of Agriculture, a Constitutional Officer. The State Board of Agriculture, appointed by the Governor, acts as an advisory body to the elected Commissioner.

The Office of the Commissioner provides leadership and management for the Department, and includes the Division of Public Relations. The Office for Strategic Planning and Administration is responsible for personnel functions, budgeting, financial operation, and information technology systems.

The Office for Consumer and Environmental Protection directs programs which have a direct bearing on agricultural revenue. The Office conducts the grain regulation program, certifies all sales made by solid weight or liquid volume, licenses egg wholesalers, and inspects amusement rides operating within the Commonwealth. Duties include the distribution of commodity foods to qualifying institutions and individuals on behalf of the United States Department of Agriculture. This office is responsible for conducting various pest and noxious weed control programs, enforcing federal and state laws and regulations pertaining to the control of pesticide use and application, and liaison between the regulator and those being regulated. In addition, the Office will operate the state's new motor fuel and pesticide testing laboratory, authorized by the General Assembly in 2006.

The Office of State Veterinarian protects the livestock industry pursuant to KRS Chapter 257. Its primary function is the prevention and eradication of animal disease, and to ensure the health of the state's multi-billion dollar animal agriculture industries. It enforces Kentucky's statutes on animal importation and movement, and provides numerous other services to the livestock and poultry industries.

The Office for Agricultural Marketing and Product Promotion develops and manages programs which promote Kentucky-produced agricultural products, including grading and inspecting specific products and commodities and reporting market news. Responsibilities of this office include the research and development of new and expanded outlets for Kentucky's agricultural products, agricultural education, agritourism development, farm safety, administration of the Shows and Fairs Promotion Division, and farmland preservation. The Office is also responsible for providing testing services for hay and other forages essential for Kentucky's livestock industries. The Small Farm Winery Support Fund was created in 2006 and the Department administers \$400,000 each year of the biennium to develop marketing and promotion strategies to assist this emerging industry.

The Auditor of Public Accounts is the constitutional officer responsible for auditing all state agencies and county governments, pursuant to KRS Chapter 43. Statutory responsibility requires the Auditor's Office to examine the state general accounts, the accounts of all state agencies, all private and semi-private agencies receiving or handling state funds, and all state revenue collections. The Auditor must examine the management and control of all institutions and public works in which the state has financial interest or legal power.

The Auditor's Office is responsible for assisting state and local officials in establishing and maintaining proper accounting records, internal controls, and administrative controls over public funds. The Office responds to requests from public officials, the general public, the Legislative Research Commission, and the Governor's Office concerning financial and program matters, special audits, and investigations.

The Auditor of Public Accounts has four program areas: Administration, Division of Examination and Information Technology, Office of Financial Audit, and the Division of Performance Audit.

The Administration area includes the Office of the State Auditor, the Office of Legal and Audit Support Services, and the Office of Planning and Management. All policy, budget, fiscal, legal, and personnel duties are performed within the Administration area. The development of audit procedures as well as internal and external training are the responsibility of the Administration area.

The Division of Examination and Information Technology is responsible for internal technology systems, data processing systems, special examinations of complaints, and security consultation and training.

The Office of Financial Audits is responsible for financial audits of state agency transactions, pursuant to KRS 43.050, and for county officials such as fiscal courts, sheriffs, county clerks, property valuation administrators, county attorneys, circuit clerks, and special districts per KRS 43.070. The Single Audit Act of 1984 as enacted by the United States Congress is also one of the responsibilities for the Auditor of Public Accounts.

The Division of Performance Audit conducts audits of public entities to increase the effectiveness and reduce the cost of the delivery of services.

Created by the 1982 General Assembly, the Personnel Board is composed of seven members. The Governor appoints five, and two are classified employees elected by their colleagues. The Board serves in a quasi-judicial capacity and assists the Personnel Cabinet in the development of administrative regulations pertaining to the classified service.

The Personnel Board administers the appeals process of applicants for classified positions and conducts hearings for any non-probationary employee who is dismissed, demoted, suspended, or otherwise penalized for cause.

**Policy**

Beginning in fiscal year 2007, the Personnel Board no longer received General Fund appropriations but Restricted Funds were appropriated in its place. The enacted budget for the fiscal biennium 2008-2010 continues this practice. The agency will coordinate with the Finance and Administration Cabinet to assess each agency of the Executive Branch under KRS Chapter 18A based upon the authorized full-time positions of each agency as of July 1.

Pursuant to KRS 18A.0551, Restricted Funds are provided in fiscal year 2010 to support the election of Personnel Board members.

Kentucky Retirement Systems administers three retirement systems which are qualified governmental defined benefit plans under Section 401(a) of the Internal Revenue Code: Kentucky Employees Retirement System (state employees, universities, health departments, certain boards) governed by KRS 61.510-61.705; County Employees Retirement System (employees of cities, counties, local government entities, and classified employees of school boards) governed by KRS 78.510-78.852; and State Police Retirement System (uniformed officers of Kentucky State Police) governed by KRS 16.505-16.652. Medical insurance benefits are governed by KRS 61.701-61.702. The systems were established in the 1950s to provide a pension that, when coupled with Social Security, would provide the career employee with sufficient income to maintain his or her pre-retirement standard of living.

Kentucky Retirement Systems is administered by a nine-member board of trustees consisting of the Secretary of the Personnel Cabinet, three members appointed by the Governor, and five members elected by employees and retirees of the three retirement systems. The Board is responsible for the collection and investment of contributions. Members of the Board are considered fiduciaries and are required to administer the funds in the sole interest of the members and beneficiaries of the systems. The Board is required to invest the funds under the "prudent person" rule. Investments are diversified among common stocks, government and private bonds, real estate and cash equivalents. An actuarial valuation is conducted each year to determine the funding status of the three systems, and an annual independent audit is performed as well.

Employers contribute a percentage of gross payroll recommended by the actuarial valuation. However, the General Assembly may adopt a rate that varies from the actuarial valuation. Employees contribute at a fixed rate set in the statutes. The assets of the system are considered trust funds. All expenses are paid from the trust.

Restricted Funds providing for the operations of the Kentucky Retirement Systems in the Budget of the Commonwealth are transferred from trust funds held by the System for the benefit of members and beneficiaries. The trust funds include investment earnings, employee contributions, and employer contributions from agencies supported by the General Fund, the Road Fund, Federal Funds, and Restricted Funds.

**Policy**

The enacted budget provides \$2.7 million in additional restricted funds in fiscal year 2009 to complete the System's Line of Business capital project which began in fiscal year 2007.

The 38 occupational and professional licensing and regulatory Boards and Commissions were created to safeguard the life, health, safety, and welfare of the people of the Commonwealth who avail themselves of the services licensed or regulated by the Boards. Appointed by the Governor, board members represent both industry and consumer interests.

The general objectives of the Boards and Commissions are: to examine and license all qualified applicants; to enforce the ethical, legal, and professional standards and regulations of the Boards; to ensure compliance with licensure requirements; and to administer the programs of the Boards in an efficient manner. The Boards operate solely from agency receipts.

#### **Board of Pharmacy**

The 2008 General Assembly passed House Bill 328 which imposed regulatory requirements for pharmacy technicians. Effective April 1, 2009, the Board of Pharmacy will begin licensing pharmacy technicians practicing in the Commonwealth.

#### **Policy**

The Governor's recommended budget included \$5.55 million in fund transfers from the Boards and Commissions in fiscal year 2008; \$910,000 in fiscal year 2009; and \$760,000 in fiscal year 2010. The General Assembly included an additional \$3.29 million in fund transfers in fiscal year 2009.

The mission of the Kentucky River Authority is to protect the quality and sufficiency of the water supply in the Kentucky River Basin. The people and businesses in 42 counties depend on the river and its tributaries for clean drinking water, for commercial and industrial uses, and for the generation of electricity. The water supply is maintained in a series of pools behind 14 dams that were originally constructed by the Army Corps of Engineers beginning about 1880. Some of those dams also contain working locks that allow commercial and recreational boat traffic to move up and down the river. The Authority collects a water withdrawal fee from each water utility and business user in the watershed that supports programs which benefit the entire watershed. In addition, a second fee is collected from users who withdraw water from the main stem of the river. Those funds support the lock and dam renovation and reconstruction projects the Authority undertakes from time to time. The Authority also receives a small General Fund appropriation to staff the four operating locks during the summer, when there is considerable recreational activity on the river.

The Authority is created in KRS 151.705 as a public corporation and independent state agency. While administratively attached to the Finance and Administration Cabinet, the Authority is governed by a board that consists of the Secretary of Finance and Administration, the Secretary of Environmental and Public Protection and ten members appointed by the

Governor. Those ten include a mayor and a county judge-executive from jurisdictions within the Kentucky River Basin, an engineer and a water quality expert. The board appoints an executive director and other staff necessary to carry out the responsibilities of the Authority.

The Authority has acquired title to the locks and dams upriver from Frankfort from the Army Corps of Engineers. Dams 1 through 4 between the Ohio River and Frankfort are maintained by the Authority under a long-term lease agreement until such time as the Army declares them to be surplus property.

## **Policy**

The Budget of the Commonwealth includes General Fund debt service of \$774,000 in fiscal year 2010 to support \$17.5 million in bond funding for the Kentucky River Locks and Dams Maintenance and Renovations Pool.

Included in the Budget of the Commonwealth is \$625,000 in fiscal year 2008-2009 and \$250,000 in fiscal year 2009-2010 to provide funding for the Dam 10 project at Boonesboro. These funds will be used to match an anticipated \$1,500,000 federal appropriation for the final design of the Dam 10 reconstruction.

The School Facilities Construction Commission, created by the 1985 Extraordinary Session of the General Assembly (KRS 157.611 et seq.), exists to assist local school districts with their school building needs. The Commission is responsible for the distribution of state funds via offers of assistance for approved building or renovation projects. The Commission is empowered to act on behalf of local school districts to issue bonds in the name of the Commission and to enter into lease arrangements with local boards of education to finance construction of new facilities or major renovation of existing school facilities.

Offers of assistance are made to eligible local school districts which have demonstrated a reasonable local effort to provide adequate school facilities but still have unmet building needs. Required local effort consists of a levy equivalent to at least five cents per hundred dollars of assessed valuation as well as available funds within a district's capital outlay and building funds and related bonding capacity. Unmet building needs are the costs of projects on a district's facilities plan as approved by the Kentucky Department of Education that remain after the application of local effort. A given district qualifies for offers of assistance based on its unmet need relative to unmet need statewide.

The School Facilities Construction Commission also is charged with distributing state funds allocated to the Kentucky Education Technology System's trust fund to assist local school districts in addressing their unmet education technology needs.

Since the inception of the School Facilities Construction Commission, bonds totaling \$3.8 billion (combined state and local participation) have been sold for school construction.

**Policy**

The Budget of the Commonwealth includes additional debt service necessary to fulfill commitments made by previous sessions of the General Assembly in authorizing additional bonded indebtedness and related offers of assistance to local school districts.

The enacted budget includes \$2,531,000 in fiscal year 2008-2009 and \$8,437,000 in fiscal year 2009-2010 for debt service for \$100,000,000 in bonds authorized by the 2006 Regular Session of the General Assembly. Of this amount, \$75 million in bonds are for regular offers of assistance and \$25 million is for Urgent Needs schools. The enacted budget also includes debt service in support of an additional \$50 million bond authorization made by the 2006 Regular Session of the General Assembly targeted for Urgent Needs schools.

The Budget of the Commonwealth fulfills commitments made by the 2000, 2003 and 2005 Regular Sessions of the General Assembly by including debt service in support of a total of \$300 million in bonded indebtedness used for regular offers of assistance for construction and renovation projects, and reauthorizing a total of approximately \$55.8 million of the authorized bonded indebtedness not yet utilized by school districts.

The enacted budget also includes debt service in support of approximately \$54.4 million in bonded indebtedness for Category 5 (worst condition schools) projects and reauthorizes approximately \$12 million of that authorized indebtedness not yet utilized by school districts.

Finally, the Budget of the Commonwealth authorizes \$150,000,000 in new offers of assistance during the 2008-2010 biennium in anticipation of debt service availability during the 2010-2012 biennium.

The Teachers' Retirement System, as defined in KRS 161.220-161.716, was established in 1940 to provide a broad program of retirement benefits, death and survivor benefits, medical insurance benefits, and disability benefits to its membership.

Administration of the System is the responsibility of the nine-member Board of Trustees. Two of the members, the Commissioner of Education and the State Treasurer, are ex-officio, serving by reason of their constitutional offices. The members of the Retirement System elect the remaining seven trustees for four-year terms. Four of these must be active members of the Retirement System, one must be a retired member, and two must be persons from outside the teaching profession. The Board of Trustees appoints an Executive Secretary who is responsible for the administration of the affairs of the Retirement System under policies established by the Board. The most important objectives of the Board of Trustees are to maintain a retirement system that is actuarially sound and to maintain member benefits at a level that is comparable with the benefits provided other state employees through the Kentucky Employees' Retirement System and the Social Security System.

Membership is comprised of all persons occupying positions in the public elementary or secondary schools for which certification is required. In addition, staff members of Western Kentucky University, Eastern Kentucky University, Morehead State University, Murray State University, Kentucky State University, professional staff of the Department of Education, Cabinet for Workforce Development, faculty members of the School for the Deaf, the School for the Blind, as well as faculty of the state and area vocational schools are members. Membership is mandatory for all persons teaching in the public schools or other institutions covered by the statutes governing teachers' retirement.

Benefits are financed through member contributions, corresponding contributions by the state, and income accruing from the invested reserves of the system. The General Assembly has set the member and state contribution rate at 9.855 percent of gross salary. University faculty members contribute 8.375 percent of gross salary and the state matches this amount. In addition, each

employer contributes an overmatch of 3.25 percent of gross salary to help reduce the system's unfunded liability. The reserves of the agency are invested in a manner that will provide a reasonable rate of return with major emphasis on the protection of the reserves.

The employer match for Department of Education, the Cabinet for Workforce Development, and university employees is budgeted within the Department, the Cabinet, and the affected universities and is then transferred to the Teachers' Retirement System.

Funding for the employer match on behalf of local school district members is provided as an adjunct to the Support Education Excellence in Kentucky program (SEEK) within the Department of Education.

## **Policy**

The Budget of the Commonwealth includes sufficient General Fund support to meet the amortized cost of previously enacted cost-of-living adjustments (COLAs) and other benefit improvements for system members.

The enacted budget includes \$5,684,000 in fiscal year 2009 and \$11,965,300 in fiscal year 2010 in General Fund support for initial payments on the amortized cost of increased retirement allowances for those recipients retiring during the 2008-2010 biennium who are eligible to add accrued sick leave to their final year of service.

The enacted budget includes General Funds in the amount of \$41,812,500 in both fiscal year 2009 and fiscal year 2010 for continuing payments toward the amortized cost of medical insurance outlays for fiscal years 2005 through 2008.

The Budget of the Commonwealth also directs a portion of the state-funded employer contribution to be directed to the Retirement System's medical insurance fund to cover projected benefit costs during the 2008-2010 biennium. In fiscal year 2010 an initial payment of \$18,210,700 in General Funds is provided in support of the amortized cost of medical insurance coverage for recipients during the 2008-10 biennium.

Also included in the enacted budget is \$1,223,800 in General Funds in fiscal year 2010 for an initial amortization payment to cover the 2008-10 biennial cost of the medical insurance subsidy for dependent spouses of retirees under the age of 65. The subsidy was established in House Bill 1 enacted by the October 2004 Extraordinary Session of the General Assembly.

The enacted budget includes \$50,000 in General Funds in both fiscal year 2009 and fiscal year 2010 to subsidize the cost of retirees over the age of 65 who insure their spouses under the age of 65 through the state health insurance plan.

The fiscal year 2007-2008 appropriation includes contingent liabilities and judgments identified by the Office of the Controller in the Finance and Administration Cabinet. The timing of payments of judgments is dependent on many factors beyond the control of the Commonwealth. Therefore, it is essential that any funds remaining at the end of fiscal year 2007-2008 and fiscal year 2008-2009 shall not lapse but be allowed to continue into subsequent fiscal years. Should any other Appropriations Not Otherwise Classified account have an insufficient appropriation in fiscal biennium 2008-2010, any unneeded funds in this account may be used before any allocations are made from either the General Fund Surplus or the Budget Reserve Trust Fund. Any additional judgments or contingent liabilities for fiscal biennium 2008-2010, beyond the amount recommended, will be paid from the General Fund Surplus Account (unappropriated surplus) or the Budget Reserve Trust Fund, if necessary.

Each item within this category has been given program status so that expenditures can be budgeted and accounted for separately. It includes such items as Attorney General expenses for defending employees of the Commonwealth and prior year claims for legal obligations of the Commonwealth. Any expenditure for costs of items included within this classification over the amounts appropriated is to be paid from the General Fund Surplus account or the Budget Reserve Trust Fund as a Necessary Government Expense.

Executive Order 2003-064, which was ratified by the 2005 Regular Session of the General Assembly, created the Commerce Cabinet by combining the former Tourism Development Cabinet and elements of the Education, Arts and Humanities Cabinet. The Office of the Secretary of the Commerce Cabinet coordinates the various agencies within the Cabinet.

The 2005 General Assembly took the following actions:

- Senate Bill 40 added and attached to the Office of the Secretary's appropriation unit the Office of Energy Policy. The old Division of Energy within the Environmental and Public Protection Cabinet was transferred to this new Office by Senate Bill 41. (The Office of Energy Policy was a separate appropriation unit in fiscal biennium 2006-2008.) This office was subsequently transferred to the Governor's Office in 2007.
- Senate Bill 65 created the Kentucky Sports Authority and attached it to the Office of the Secretary. Although this was attached to the Office of the Secretary, the funding was provided by the Department of Tourism.
- The Creative Services and the Capital Plaza Operations programs were transferred from the Finance and Administration Cabinet to the Commerce Cabinet, Office of the Secretary, by Senate Bill 40.

- The Commission on Small Business Advocacy was transferred from the Governor's Office to the Commerce Cabinet's Office of the Secretary by Executive Order 2003-064. Subsequent to the Executive Order, this Office was transferred to the Economic Development Cabinet by Senate Bill 40.

Executive Order 2005-576 moved grants to the Mountain Arts Center, the Blue Apple Players, and the Martin Luther King Commission from the Education Cabinet to the Commerce Cabinet, Office of the Secretary.

**Executive Policy and Management** - The Executive Policy and Management unit directs planning and management of the agencies within the Cabinet. This program develops plans to assure orderly growth and improved management, recommends executive actions and legislative measures, and evaluates agency budget requests.

**Creative Services** - The Creative Services program performs a range of creative and productive services for agencies in state government, including audio and video production, graphic design, multimedia event services, and photography.

**Frankfort Convention Center** - The Frankfort Convention Center serves as both a small and large meeting facility, containing a 10,000 square foot arena with fixed seating space of 5,365. The large arena facility attendance for fiscal year 2006 was approximately 170,000 persons attending various functions, such as legislative events, private parties, basketball tournaments, athletic events, graduations, and university events. The small meeting facility space contains 1,575 square feet for governmental or business conference functions.

The Frankfort Convention Center also manages over 57,000 square feet of rental space for 10 state agencies and eight private businesses.

The Department of Tourism was created to promote, develop, and provide support services for the tourism industry within the Commonwealth.

**Executive Policy and Management** - The Executive Policy and Management program establishes the policies and goals; coordinates the overall planning, management, and direction for the agency; and provides for the efficient administration of the Department and its programs.

**Tourism Services** - The Tourism Services Division operates highway welcome centers in Florence, Franklin, Grayson, Hopkinsville, Paducah, Simpsonville, Shepherdsville, and Williamsburg, along with the State Capitol welcome center desk in Frankfort; generates sales revenue to Kentucky's tourism industry through trade show participation and pursuit of group, commercial, and individual markets; and disseminates tourism information to tourists and potential visitors via a telephone system, direct mail, and the welcome centers. The goal of the Tourism Services Division is to conduct a comprehensive travel promotion campaign and to serve Kentucky's private sector tourism industry. This program also markets and promotes Kentucky to the film industry to attract television and feature movie productions to the state.

**Marketing and Advertising** - The Marketing and Advertising Division develops and coordinates state tourism advertising and tourism media placement, coordinates and produces tourism brochures and sales promotion materials, assists non-profit private sector groups with advertising and promotion costs through matching funds and cooperative advertising programs, develops and maintains the department's website ([www.kentuckytourism.com](http://www.kentuckytourism.com)), and develops and maintains a marketing and research data base on Kentucky's tourism industry. The goal of this program is to develop, coordinate, and maintain a comprehensive advertising campaign to promote Kentucky as a tourism destination.

The Tourism, Meeting, and Convention Marketing Fund is established by KRS 142.406 with revenues from a one percent transient room tax dedicated for the sole purpose of marketing and promoting tourism in the Commonwealth, including expenditures to market and promote events and venues related to meetings, conventions, trade shows, cultural activities, historical sites, recreation, entertainment, natural phenomena, areas of scenic beauty, craft marketing, and any other economic activity that brings tourists and visitors to the Commonwealth. This new fund shall not support expenditures on capital construction projects.

Marketing and development activities in coal producing counties are provided for through the Coal Severance Fund, pursuant to KRS 42.4592, which receives annual coal severance tax receipts. Allocations to coal counties are intended to supplement local tourism budgets that are deficient in tourism infrastructure. The Kentucky Recreational Trails Authority, administratively attached to the Department of Tourism, is directed to enhance the Kentucky economy through expanded tourism opportunities for motorized and non-motorized off-road trail activities, which are opportunities available in the coal producing counties.

**Sports Authority** - The Kentucky Sports Authority, established pursuant to KRS 148.590, has a fourteen member board with the primary responsibility to recruit, promote, assist, place, and develop sporting events, facilities, and programs throughout the Commonwealth, with the final goal of developing the economy, commerce, job opportunities, and revenue streams. The Kentucky Sports Authority has been very successful with recruiting events like Dew Action Sports, Bassmaster Tournaments, and the National Senior games to the Commonwealth.

## **Policy**

The Budget of the Commonwealth includes Restricted Funds of \$500,000 in each fiscal year of the 2008-2010 biennium for tourism marketing and development on behalf of coal producing counties. The agency receipts originate from the calculations for the Local Government Economic Development Fund, Multi-county Fund.

The Budget of the Commonwealth includes General Fund resources in the amount of \$50,000 in each fiscal year of the 2008-2010 biennium for grants to the Bluegrass State Games.

Breaks Interstate Park, created by KRS 148.220 in 1954 by joint action of the Kentucky and Virginia legislatures, is governed by the Breaks Interstate Park Commission. The Commission is composed of three members from each state appointed by their respective governors. Kentucky provides financial support for the park in the form of a grant to the Commission.

The park, which contains 4,500 acres of woodlands, mountains, and the largest canyon east of the Mississippi River, attracts approximately 380,000 visitors each year. Breaks Interstate Park provides recreation for the people of Kentucky and Virginia in an area where recreational opportunities are limited.

The Kentucky Horse Park (KRS 148.250) is comprised of 1,224 acres on which are situated over 110 structures, 34 miles of fencing and 260 campsites. Horse Park programs consist primarily of four main functions:

**Equine Theme Park**-The central area of the park contains tourist activities that include the Visitor Information Center, International Museum of the Horse, gift shop, restaurant, Parade of Breeds and Hall of Champions shows, horseback riding, horse drawn tours, and other activities. Approximately 150,000 people visit annually generating \$3.1 million in revenue.

**Events**-The Horse Park is the host venue for both equine and non-equine special events. Horse shows are central to the mission of the park and comprise the majority of special event activities. Sixty annual equine events utilize 21 pole barns (1,086 stalls), a 1,200 seat covered arena, show office complex, six hunter-jumper rings, five dressage rings, a 7,800-yard cross country course, steeplechase course, and other ancillary structures. In 2007, horse events attracted approximately 427,000 people and \$1.7 million in revenue. The park also hosts non-equine events that include soccer, high school cross country, dog shows, "Old Kentucky Nights" evening programs, "Southern Lights" holiday lights show, and many other events.

**Campground**-The popular campground is made up of 260 campsites with water/electric hookups, grocery store, two bathhouses, pool, tennis courts, playground, primitive camping, and covered pavilion. Each year more than 102,000 people camp at the Horse Park, generating more than \$1.3 million in annual direct income.

**National Horse Center**-Another area of remarkable growth has been the National Horse Center (NHC), a collection of the nation's and the state's leading equestrian organizations. The NHC now includes 33 distinct organizations contained in 11 office buildings. The NHC has solidified the key role of the Horse Park in making Kentucky the "Horse Capital of the World."

### **Policy**

Support for the Federation Equestre Internationale (FEI) World Equestrian Games has been provided for by the expansion of the new indoor arena and the construction of a new outdoor stadium. In addition to these previous investments, the Budget of the Commonwealth includes a Transportation Cabinet capital budget authorization of \$10,300,000 in the 2008-2010 biennium for new roads, road repair, and other related infrastructure at the Kentucky Horse Park in preparation for the World Equestrian Games in 2010.

The Kentucky State Fair Board authorized in KRS 247 is composed of 15 members: the Governor, the Commissioner of Agriculture, the Dean of the College of Agriculture at the University of Kentucky, and 12 members appointed by the Governor. Five of the 12 members appointed by the Governor are selected from nominations by the Kentucky Association of Fairs and Horse Shows, the Kentucky Livestock Improvement Association, the Kentucky State National Farmers Organization, the American Saddle Horse Breeders Association, and the Kentucky Farm Bureau Federation. The Board manages and administers the funds, buildings, grounds, and equipment of the Kentucky Fair and Exposition Center and the Kentucky International Convention Center in Louisville. A president is appointed by the Board to manage the centers.

**Kentucky Fair and Exposition Center** - The Kentucky Fair and Exposition Center provides facilities and services for conventions, trade shows, agricultural activities, athletic events, concerts, and cultural and commercial productions year-round. At this site, the State Fair Board produces its three major expositions during the year: the Kentucky State Fair, the National Farm Machinery Show, and the North American International Livestock Exposition.

The Kentucky Fair and Exposition Center is a completely air-conditioned complex that includes one million square feet of exhibit and meeting space at ground level. It includes the 19,000-seat Freedom Hall Coliseum, identical East and West Exhibit Halls, East and West Exposition Wings, the South Wing Exposition Facility and Conference Center, a smaller exposition pavilion, a 600-seat amphitheater, a 5,000-seat Livestock and Horse Show Arena, and a 37,000-seat stadium. Also serving the Kentucky Fair and Exposition Center are the adjacent Executive Inn East, Executive Inn West, Executive Bowl, and the Kentucky Kingdom Amusement Park, all of which are long-term lessees of the State Fair Board. An expansion of the South Wing, approved by the 2003 General Assembly, recently opened.

**Kentucky International Convention Center** - The Kentucky International Convention Center provides facilities and services for intermediate-sized conventions, trade shows, association events, concerts, and cultural and commercial productions year-round. This facility is an integral and interdependent part of the overall redevelopment of downtown Louisville by both government and private enterprises.

The Center includes approximately 200,000 square feet of exhibit space, a 30,000 square foot ballroom, and nearly 70,000 square feet of meeting space along both sides of Third Street. The exhibit and meeting areas are linked by public concourses spanning Third Street.

The Center is served by the Hyatt and Cowger Parking Garages, which provide 1,300 enclosed parking spaces, and by the Hyatt Regency Hotel, which is a long-term lessee of the Board. The Cowger Garage also includes commercial space which is leased on a long-term basis.

**Debt Service** - The Debt Service program is responsible for the annual debt service payments on Fair Board bonds issued by the State Property and Buildings Commission.

Restricted Funds in the amount of \$ 4,424,400 in fiscal year 2008-2009 and \$ 4,424,400 in fiscal year 2009-2010 are included for State Property and Building Commission Projects 81 and 86 debt service payments. Projects 81 and 86 provided funding for an expansion of South Wing C and East Wing Hall.

All previously authorized General Fund debt service costs are budgeted in the Finance and Administration Cabinet in the 2008-2010 biennium.

## **Policy**

The Budget of the Commonwealth includes General Fund resources in the amount of \$181,000 in fiscal year 2009-2010 for debt service on \$2,000,000 in bonds in fiscal year 2008-2009 to upgrade HVAC systems.

The Budget of the Commonwealth includes a Road Fund authorization of \$600,000 in the Transportation Cabinet capital budget in the 2008-2010 biennium for parking infrastructure improvements at the Kentucky Fair and Exposition Center pursuant to the 2008 Ryder Cup Trade Agreement.

The Department of Fish and Wildlife Resources, established by KRS Chapter 150, is responsible for the conservation and management of fish and wildlife resources in Kentucky. A Departmental Commissioner is appointed by the Fish and Wildlife Commission. The Commission, which is responsible for Department policy, is a nine member bipartisan body appointed by the Governor from a list of candidates provided by sportsmen in each of nine districts.

Financial support of the Department is derived from the sale of hunting and fishing licenses, federal grants, interest income, fines and penalties assessed by the courts for violation of game and fish laws, and numerous other miscellaneous receipts.

The Department owns approximately 120,000 acres of land in Kentucky which are used to further its program activities. The acreage includes the State Game Farm, 80 major wildlife management areas, two warm water hatcheries, and three summer camps. An additional 712,355 acres of land and water are under lease or license by the Department for wildlife management activities. The Daniel Boone National Forest provides an additional 600,000 acres of land for public use.

The Department consists of five program areas: Administration and Support, Wildlife Management, Fisheries Management, Information and Education, and Law Enforcement.

**Administration and Support** - Three separate divisions are included in the Administration and Support program area. The Division of Administrative Services manages the day-to-day operations of the Department including maintaining accounting records, ensuring proper purchasing and inventory procedures, and administering hunting and fishing license sales and revenue collections. The Public Affairs Division facilitates public involvement in departmental policy and regulations. The Engineering Division provides the labor and technical engineering services required for small construction projects, such as building small bridges, buildings, boat ramps, and roads. In addition, Engineering is responsible for surveying all property owned or being purchased by the Department.

**Wildlife Management** - The Wildlife Management program manages, develops, and maintains statewide game and non-game populations consistent with habitat availability on state owned lands, licensed wildlife management areas, and privately owned lands. Additionally, Wildlife Management conducts statewide surveys to determine the relative abundance of game and non-game wildlife, formulates hunting regulations based upon biological data and recreational demands, restores viable native wildlife species by restocking in suitable habitat, and evaluates the impact of land, water resource, and other construction projects on wildlife resources. Technical guidance is provided to private landowners for improvement of wildlife habitat. A fish and wildlife electronic information system is being maintained for use by state agencies that includes geographic information such as land types, vegetation conditions, and wildlife populations.

**Fisheries Management** - The Fisheries Management program manages Kentucky fishery resources to provide optimum fishing opportunities for anglers through research, surveys, fish stocking, regulation, and technical biological guidance. Fishery biologists manage and develop fish populations and their associated habitats in major impoundments, streams, rivers, and 100,000 acres of small lakes and ponds. In addition, technical guidance is provided to private pond owners. Research biologists provide support to management through evaluation of stocking and regulatory practices.

**Information and Education** - The Information and Education program is responsible for educating and informing the public about our wildlife resources and the importance of conservation, and the recreational opportunities the fish and wildlife resources provide. The information and education program is essential to provide the general and sporting public timely and accurate information directly and through the media. Additionally, the dissemination of regulatory information is necessary for the sporting public to comply with applicable laws and regulations. The program also provides classroom instruction on wildlife conservation, hunter education, aquatic education, and administers a summer camp for children.

**Law Enforcement** - The Law Enforcement program enforces fish, wildlife, and boating laws. Officers assist other federal, state, and local agencies in enforcement of all criminal laws in the Commonwealth. Officers also provide assistance to the public during times of natural disasters such as floods, forest fires, and severe winter weather.

Kentucky Center for the Arts ("The Kentucky Center") is the Commonwealth's premier performing arts center. Over 400,000 people attend events at The Kentucky Center each year. It is the performance home of the state's largest orchestra, opera, ballet, Broadway and children's theatre productions. In addition, The Kentucky Center presents a variety of national and international artists.

The Kentucky Center houses three theaters: the 2,479-seat Robert S. Whitney Hall, the 619-seat Moritz von Bomhard Theater, and the 139-seat Boyd Martin Experimental Theater. The facility features a multi-tiered lobby, rehearsal halls, a 190-seat restaurant and spaces for social and business events.

The Kentucky Center provides a wide range of nationally recognized educational programs including professional development for teachers, partnerships with schools and community centers, and opportunities for artists to work in classrooms. The Center is also a leader in providing award-winning access services that make the theater experience possible for patrons with disabilities. The Kentucky Center, in partnership with the Kentucky Arts Council, provides access and technical consulting services for arts and cultural organizations across Kentucky. The Kentucky Center's management also provides theatrical consulting services throughout the state.

The Governor's School for the Arts (GSA) addresses the needs of an underserved population - the state's artistically gifted and talented young people - and supports the Kentucky Education Reform Act's mission to recognize the widest possible range of learning styles and capabilities. Many of its students come from rural areas of Kentucky where specialized arts instruction is not available. GSA is a model program, recognized nationally by the President's Committee on the Arts & Humanities and the National Endowment for the Arts.

**Policy**

The Budget of the Commonwealth includes \$397,000 General Fund debt service in fiscal year 2009-2010 to support new bonds of \$8,954,000 for major maintenance pool for the Kentucky Center for the Arts renovations and repair.

The Secretary's Office provides management of the programs and entities within the Cabinet under the direction of the Kentucky Economic Development Partnership Board. Staff and administrative functions within the Office include communication and marketing services, general counsel, legislative initiatives and special projects.

The Office of Research and Information Technology provides Cabinet-wide support in the areas of information technology, research services and strategic planning support. The staff in this division maintain current data on available industrial sites and buildings in the state; compile data on taxes, transportation, education, labor force availability and industrial services; and provide general economic and demographic statistics for all Kentucky communities.

The Office of Administrative Services provides accounting, budgeting, procurement, and personnel services for all of the agencies within the Cabinet.

The Department for Commercialization and Innovation (DCI) is within the Office of the Secretary. This department is statutorily established in KRS 154.12-278 with the mission to implement the Kentucky Innovation Act passed by the 2000

General Assembly, which mandates creation of the infrastructure necessary to support knowledge-based and technology-driven firms in the Commonwealth of Kentucky. Such New Economy businesses need pure research from universities and other institutions, laboratory and technology resources, a workforce with current scientific and technical skills, and high-speed communications capability. Just as the industrial firms of the manufacturing economy tended to locate near steel mills and electricity generators, these new firms tend to grow in clusters around their necessary resources. The Department uses grants, loans, training and information to make available those raw materials of the New Economy, and provides assistance to existing and start-up firms in bringing their knowledge-based products to commercial viability. The Commissioner of DCI works closely with the state universities, the Council on Postsecondary Education, and the Governor's Office for Agricultural Policy, among others, to build a thriving entrepreneurial climate in Kentucky.

The Commissioner of DCI and the Kentucky Economic Development Finance Authority administer the high tech construction and high tech investment pools, as prescribed in KRS 154.12-278.

### **Policy**

The Budget of the Commonwealth provides up to \$420,800 in General Fund to help support the operations of the Louisville Waterfront Development Corporation.

The Department of Financial Incentives coordinates all of the financial assistance programs and tax credits available to businesses locating and expanding in Kentucky.

Staff in the Department administer the decisions of the Kentucky Economic Development Finance Authority (KEDFA). KEDFA encourages economic development, business expansion, and job creation by providing loans and grants for building new plants; expanding existing facilities; and recruiting and training Kentuckians for new and better-paying jobs. Members of KEDFA include six private citizens appointed by the Kentucky Economic Development Partnership Board, and the Secretary of the Finance and Administration Cabinet who is an *ex officio* appointee. The repayable and forgivable loans, grants and credits that KEDFA provides are authorized in the statutes to address a variety of economic situations such as chronic high levels of unemployment; lack of job skills in the available workforce; and lack of adequate physical, communications, and transportation infrastructure. Some of the programs are available to firms statewide, while others are targeted to areas that meet specific needs criteria.

Bluegrass State Skills Corporation (BSSC) is an independent corporation created in KRS 154.12-204 through 154.12-208 and attached for administrative purposes to the Cabinet for Economic Development. The Corporation stimulates economic development by funding the cost of training employees and upgrading their skills. Individual firms and business consortia that want to upgrade the training of their workers can apply for cost reimbursement from BSSC. In addition to underwriting the cost of training, BSSC works with the Department for Workforce Investment and the Kentucky Community and Technical College System to develop curricula and provide teachers to meet the specific needs of a firm and its employees.

The Economic Development Bond program as authorized in KRS 154.12-100 uses bond proceeds to leverage private investment to promote the overall economic development of the Commonwealth. This includes the development of public projects such as industrial parks, river ports, and tourism facilities.

## **Policy**

The Budget of the Commonwealth includes General Fund of \$2,210,000 in fiscal year 2010 for debt service on \$50 million in new bonds. In addition to other statutorily allowed uses, these bond funds are intended to assist communities around Fort Knox to develop infrastructure needed to serve the anticipated increase in population resulting from the relocation of several U.S. Army missions from other states. There is \$1,889,500 in fiscal year 2010 earmarked for use by the Hardin County Board of Education for school renovation and construction projects, provided that the Board first levies an additional five cent equivalent tax rate under the provisions of KRS 157.621.

General Fund appropriations for the Bluegrass State Skills Corporation's grants shall not lapse to the credit of the General Fund, but shall continue forward from each fiscal year to the next fiscal year to the extent that any balance is unexpended.

Included in the General Fund appropriation for Financial Incentives is \$1,992,300 in each fiscal year to support the Metropolitan College Program at the University of Louisville and the Jefferson Community and Technical College.

The Department of Existing Business Development is responsible for the retention and expansion of existing businesses. It seeks to expand Kentucky's entrepreneurial capacity and to help communities realize their economic potential. The Department includes the Division of Small Business Services, the regional development offices and the Division of International Trade. The Commission on Small Business Advocacy, an independent agency, is attached to the Department for administrative purposes. The Commission monitors statutory and regulatory changes for their impact on small business enterprises.

The Small Business Services Division promotes small business development through entrepreneurial support programs.

Kentucky Procurement Assistance provides technical assistance to businesses competing for federal and state government contracts. Small and Minority Business serves as a resource center for business owners/managers and establishes educational programs to address the needs of minority enterprises. The Minority Entrepreneurship program provides business development mentoring in Louisville.

The regional economic development offices foster the retention and expansion of Kentucky's manufacturing and value-added business base. The Division has offices in Madisonville, Frankfort and Prestonsburg. Staff in these offices provide a statewide industry visitation program to help Kentucky's business and industry improve their competitive positions and to access state incentive programs. Regional staff also assist communities and local economic development groups to improve their business infrastructure and to develop industrial sites.

The International Trade Division enables Kentucky companies to become more competitive in global markets. The Division emphasizes trade awareness and education. Staff provide assistance to Kentucky companies on trade-related issues and participate in trade missions. The Division demonstrates how local economic development groups might develop trade assistance programs. Trade offices are located in Guadalajara, Mexico; Santiago, Chile; and Beijing, China.
